One day, a thief who knew the old miser's routine, waited for the old man to go back into his house. After it was dark, the thief went to the hiding place and took the gold. The next day, the old miser found that his treasure was missing and started crying loudly. His neighbour heard the miser's cries and inquired about what happened. On learning what happened, the neighbour asked, "Why didn't you save the money inside the house? It would've been easier to access the money when you had to buy something!" "Buy?", said the miser.
